MAESTRI DELLA PIUMA DAL 1964

PILLOW
Collection

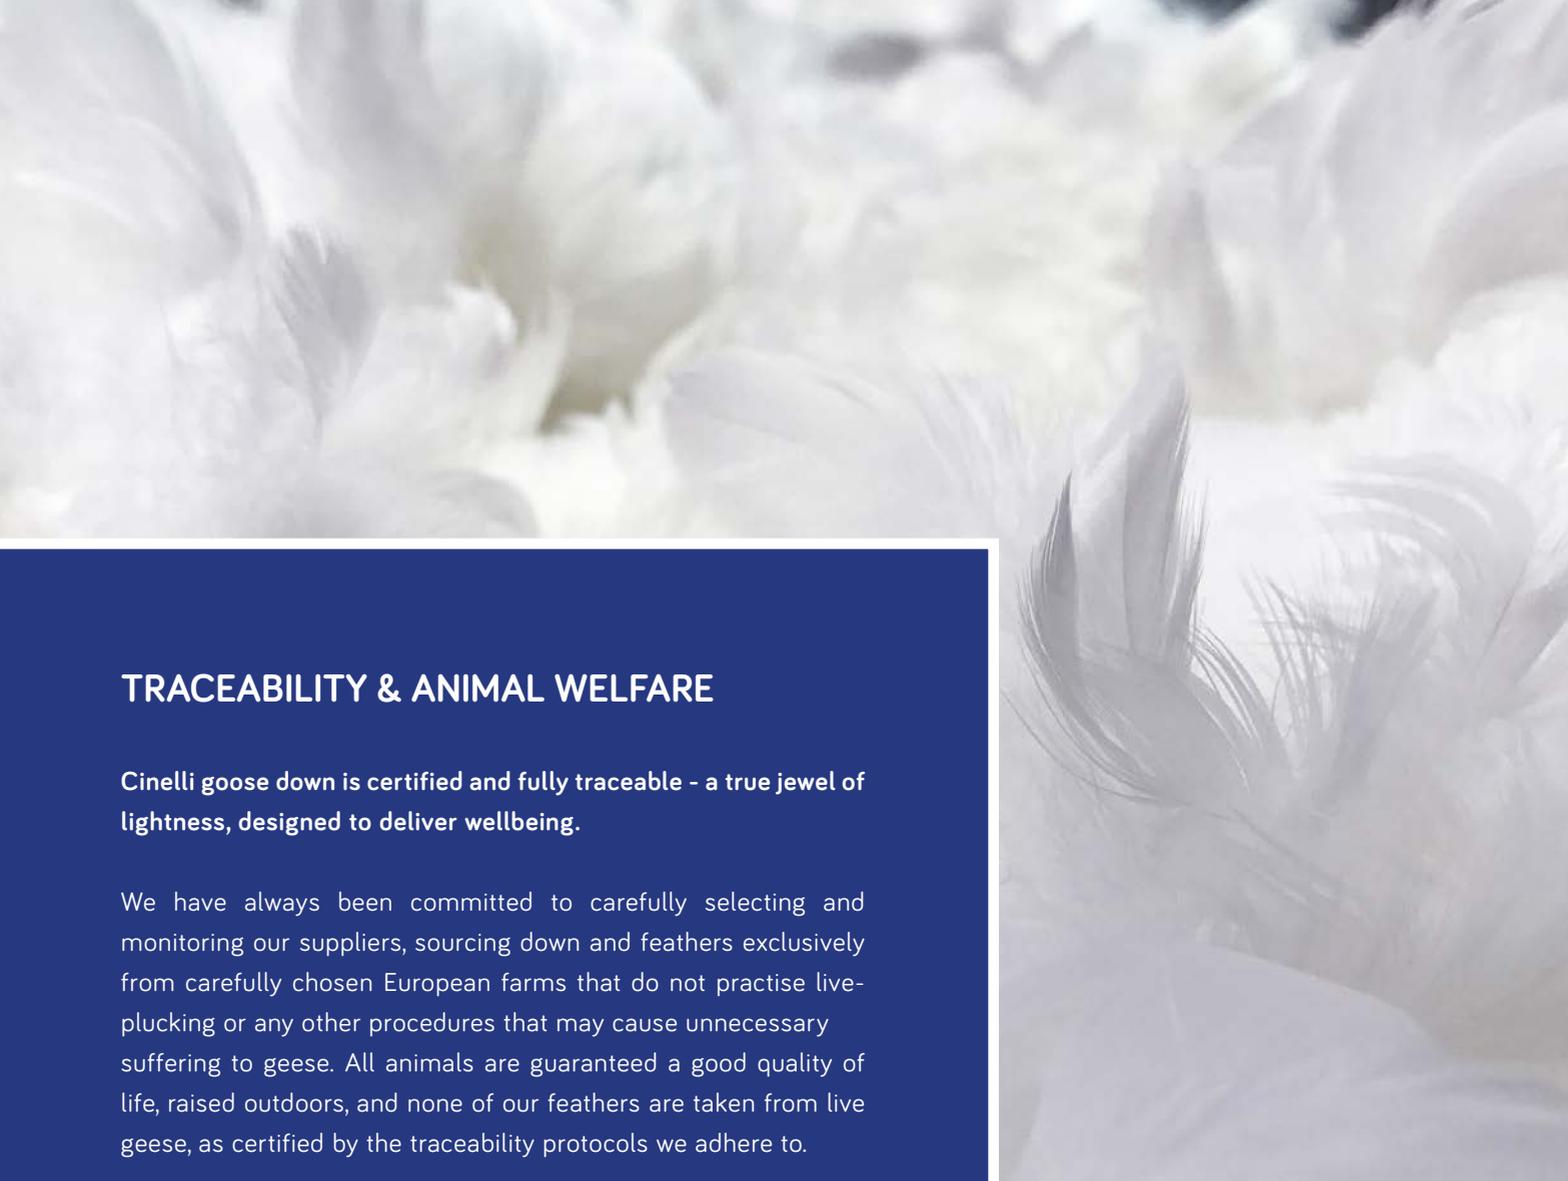

The softness
you dream of.

CINELLI
MAESTRI DELLA PIUMA
DAL 1964

A pillow is a faithful companion, supporting us for many hours, every day, throughout our lives.

It is a far more important purchase than is often assumed, and this is precisely why Cinelli offers a wide range of options, differentiated by filling and function. A comfortable sleep is essential for waking up feeling full of energy and vitality. No matter whether you sleep on your side, back, or front, you can enjoy the softness of genuine down pillows while helping to prevent neck and shoulder discomfort.

TRACEABILITY & ANIMAL WELFARE

Cinelli goose down is certified and fully traceable - a true jewel of lightness, designed to deliver wellbeing.

We have always been committed to carefully selecting and monitoring our suppliers, sourcing down and feathers exclusively from carefully chosen European farms that do not practise live-plucking or any other procedures that may cause unnecessary suffering to geese. All animals are guaranteed a good quality of life, raised outdoors, and none of our feathers are taken from live geese, as certified by the traceability protocols we adhere to.

NOMITE® - CERTIFIED HYPOALLERGENIC PILLOWS

Our goose-down products are ideal for those who are sensitive to house dust.

The washing and sterilisation processes applied to down and feathers ensure that the material is sanitised and sterilised before it is used in our products.

Mite proliferation is prevented by using downproof fabrics with a very tight weave, which limits dust penetration and effectively prevents the formation of an environment suitable for mite reproduction.

These are two of the key requirements for obtaining NOMITE® certification.

For further information on the certification, visit www.nomite.com

DOWN PILLOWS

Hygroscopic and breathable, these pillows adapt to every sleeping posture depending on the filling. All down pillows are NOMITE® certified, hypoallergenic and antibacterial.

ECONOMY

Our firmest pillow.
100% Natural Feather.

Softness: ●●●●●●

PERLA 30%

70% Feather - 30% Down.

Softness: ●●●●●●

DIAMANTE

Our first Down-rich option for a gentle support.

70% Down - 30% Feather.

Softness: ●●●●●●

PERLA 15%

Feather with a touch of Down for extra softness.

85% Feather - 15% Down.

Softness: ●●●●●●

50% Feather - 50% Down.

Softness: ●●●●●●

CERVINO

Increasingly lofty, increasingly precious.

90% Down - 10% Feather.

Softness: ●●●●●●

LUXURY

The finest Down with a touch of Feather.

95% Down - 5% Feather.

Softness: ●●●●●●

ETOILE

A cloud-like sensation for a luxurious feel. Pure Goose Down with a Cotton

Batiste shell and side gusset

100% Siberian Goose Down.

Softness: ●●●●●●

COMFORT

The most supportive of our three-chamber pillows.

A Feather core provides firm support, while the two outer chambers in 95% Down ensure a soft, cushioned feel.

Softness: ●●●●●●

JAMMY

The zip-together pillow.

It consists of two pillows: an outer Down pillow enclosing a smaller Feather pillow. The inner pillow is removable to fine-tune softness.

Softness: ●●●●●●

SPLENDOR

Pure Down with a Sateen Cotton shell — the prince of softness.

100% Hungarian Goose Down.

Softness: ●●●●●●

All pillows are washable at 40°C and suitable for tumble-drying up to 50°C.

RIO

The softest of our three chamber pillows.

The 30% Down core and 100% Down outer layer ensure your head is supported while keeping the pillow soft and down-filled. It is all finished in Cotton Batiste with silver edging.

Softness: ●●●●●●

CINELLI NATURA

CINELLI NATURA PILLOWS

Natura is Cinelli's new product line designed to lighten our environmental impact.

HEALTH PILLOWS

Featuring comfortable softness and an innovative shape and construction, these pillows are designed to help maintain a correct posture during rest, supporting both the neck and the entire back.

IRIS

The greenest choice.

90% Recycled Down.

100% Organic Cotton.

Softness: ●●●●●

MISTRAL

Harmony between nature and comfort.

Linen-cotton blend filling and shell.

Softness: ●●●●●

SANI SLEEP

Ergonomic foam core with two support cylinders to keep the neck in an anatomically correct position.

ERGO SLEEP

Two removable inserts positioned in the centre allow the pillow to offer three different head and neck support setups, meeting every sleeping requirement.

PIUMA SPRING

A pillow with technological heart.

Internal metal springs, combined with the absolute comfort of feather, ensure excellent support and long-lasting shape retention.

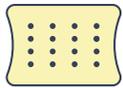

VISCOELASTIC MEMORY FOAM PILLOWS

Our slow-return polyurethane pillows. Cinelli has developed different four solutions using this shape-memory material.

A truly innovative concept, designed by Cinelli with the goal of creating a product with memory.

MEMORY NIGHT

The classic Viscoelastic pillow, measuring 47x73 cm, with a Brushed Cotton zip shell.

MEMORY DREAM

Dual-Wave contour, ideal for back sleepers; also measuring 47x73 cm, with a removable Brushed Cotton shell.

LAVANDA MEMO

In addition to the Viscoelastic base, the pillow features a Lavender-scented Polyurethane surface insert.

FRESCO MEMO

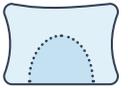

Designed for warmer nights; the Polyurethane insert contains microcapsules that provide a cooling sensation during sleep.

LATEX AND FIBRE PILLOWS

Latex is a natural material — an elastic rubber. Cinelli latex pillows offer excellent elastic recovery, dimensional stability and optimal head support during rest.

ERGO-LAT

Like the Classic, it is also in pure Latex and has a central recess to help those with cervical issues without compromising on support or elasticity.

CLASSIC

With its classic shape, this pillow is the most popular Latex pillow. Natural, nondeformable and long-lasting. The removable Cotton shell is machine washable.

FIBER BALL

For those who prefer a synthetic filling, a pillow made of soft siliconised Polyester Fibre shaped into small spheres, offering softness and resilience. Machine washable, without spin cycle.

SPECIAL PILLOWS

We respond to specific rest and posture needs with specially designed products, tailored to provide maximum comfort for head, neck and back.

BOLSTERS

An elegant furnishing accessory, suitable for embellishing bedrooms and living rooms alike. Available in both down and fibre versions.

DODO

Special for rest.

An ergonomic pillow, ideal for those who require enhanced support during all phases of rest.

Adjustable in two positions

ROLL - PIUMA

Filling:

Mixed Downs.

Fabric:

100% Herringbone Cotton, White.

ROLL - FIBRA

Filling:

Cin-Fill Flock.

Fabric:

100% Herringbone Cotton, White.

PIUMA COLLO

Special for long journeys.

A valuable aid and relief in cases of neck pain, ideal for long car journeys.

65x65 cm - 80x80 cm

A WORLD OF DOWN IN THE HEART OF TUSCANY

Our entire world originates from the processing of goose feathers, starting with the Letto Line, where the duvet takes centre stage, complemented by floral, geometric and plain quilts in ever-changing, exclusive colours and designs. We also offer duvets and pillows for a restful night's sleep, as well as down fillings for garments from leading fashion brands, and down cushioning solutions for furniture manufacturers.

Cinelli also exports selected, washed and sterilised down and feathers worldwide, preparing them according to the customers' specific requirements. Many different productions, with a single common thread: manufacturing is entirely carried out at the Buggiano facility, nestled in the green Tuscan hills, a **guarantee of 100% Made in Italy quality.**
